Therefore, with the exception of minimum age requirements, enrollment in the listed programs is determined by skill performance and not necessarily by age.

Special Note: Participants may be registered for only one section of swim lessons at a time. Registering for consecutive sections may result in the participant being enrolled in an inappropriate level for a later section, and cancellation may be required.

SUMMER DAY CAMP

This summer youngsters can have a great time at the ever popular Camp Waldenburg. Youngsters can register for one week or all of the weeks depending on availability.

Children must have completed Kindergarten at the close of the current school year, through 6th grade to be eligible to enroll in the camps. We must strictly adhere to these requirements and will not make exceptions.

A qualified staff will provide youngsters with a safe atmosphere filled with memorable fun all summer long. We maintain a ratio of one staff member for every ten campers.

Each week campers will participate in an assortment of activities, including arts and crafts, songs, music, sports, games, field trips, special activities and much more. Campers will participate in a wide variety of activities and should dress in weather appropriate clothing. Children also need to bring a sack lunch with a beverage to camp every day. Please remember there will be no refrigeration available at the camp site. Additional rules and procedures will be provided at the time of registration.

Field trip destinations and details are announced the Monday of each week of camp in the camp newsletter. Due to safety issues we ask that parents and/or nonregistered youngsters not attend the field trips. It is important and necessary that the staff manage all of the campers under their care at all times without distraction.

PLEASE NOTE: Camp will be held for 4 days per week, Monday-Thursday. There will be no camp sessions on Friday. There is no camp during the week of July 3rd due to the holiday.

SUBURBAN FUNDAMENTAL HOCKEY (LEARN TO PLAY)

MIGHTY MITE (Ages 4-6)

Mighty Mites is recommended as the first step for beginning hockey players who have completed a Learn-to-Skate class and have a solid base of fundamental skating skills. Emphasis will be on creating a fun, challenging environment for players to learn the beginning principles of skating in equipment, stickhandling and puck skills. Skill stations and skill building games are a part of each session.

MINI MITE (Ages 5-8)

This program serves as an introduction to "team" play with practice sessions and small-ice games. The first five weeks of the program serve as a training camp to teach age-appropriate skills to players and as an on-ice training session for coaches. At the end of training camp players are divided into equal teams and receive their team jerseys and hockey socks. Teams will be grouped into lines based on skill and experience. Lines will be matched during all game situations to ensure that players are playing at their competitive level. Weekly practice sessions focus on fundamental skating and puck skills using skill stations and small-ice games. Weekend sessions consist of small-ice games in a fun, age-appropriate and competitive environment that maximizes ice time, increases puck possession time, stimulates creativity and enhances the fundamental skill development of each player. Two 1-hour skates each week – one on Thursday or Friday evenings between 4:45-7:30PM and one on Sundays between 1:00-6:00PM.

This league is for mites (ages 7-8), squirts (ages 9-10), pee wees (ages 11-12) and bantams (ages 13-14). Two 1-hour skates each week – one on Thursday or Friday evenings between 4:45-8:30PM and one on Sundays between Noon-7:00PM. The first five weeks of the program serve as a training camp to teach age-appropriate skills to players and as an on-ice training session for coaches. At the end of training camp players are divided into equal teams and receive their team jerseys and hockey socks. Teams will be

grouped into lines based on skill and experience. Lines will be matched during all game situations to ensure that players are playing at their competitive level. Weekly practice sessions focus on fundamental skating and puck skills using skill stations and small-ice games. Weekend games will be structured to maximize ice time, teach positioning, strategy and rules of the game, and to insure that each player has the opportunity to compete, improve and enjoy the game.
